How many different, easy ways can the SMART Board interactive whiteboard be used in the elementary classroom? This session will attempt to share ideas and applications across a variety of subject areas for grades K-6. You are sure to leave with ready-to-use ideas and immediately see the excitement from your learners.

Resources you need to know:

- <http://www.smarttech.com>
 - Corporate site... software downloads, product registration, etc.
- <http://education.smarttech.com>
 - Education site... download lessons, teacher opportunities, additional software, EdCompass newsletter, etc.
